- Three DI-boxes (#5-7) and two speak mics (#10-11) needed from the venue.
- Fiddle players (#1-4) and double bass player (#8) bring their own mics.
- Guitar player brings his own DI (#9).

Stage plot

Monitor placement:

Approximately 1m between wedges, back row wedges approximately 2m behind the front line wedges.

Backline requirements:

Double bass: high quality 3/4 double bass (preferably carved, high quality hybrid or plywood also ok) with a jazz pizzicato trim and a pickup (f.ex. Fishman Full Circle, Underwood). Preferably with bow quiver and adjustable bridge. Bow isn't needed, Frigg's bass player brings his own bow.

Bass amplifier: high quality combo (f.ex. Markbass Mini CMD 121P, Gallien-Krueger MB200 or similar) lifted on a case (app. height of 1 meter).

At large festival stages high quality 2x10, 4x10 or 8x10 cabinet with amp head preferred (Ampeg, Markbass, Gallien-Krueger or similar).

Stage monitoring:

7 Professional quality wedges (D&B M4 e.g.) in preferably 5 independent groups with graphic equalizers. Front monitors (1-4) summed into two groups (1-2 & 3-4).

If 7 wedges aren't available:

Fiddles 1 & 2 can use the same wedge

Fiddles 3 & 4 can use the same wedge

Double bass & Guitar can use the same wedge.

Sound check:

Frigg needs at least 30 minutes for stage set up and 60 minutes for sound check.

Dressing room & catering:

A dressing room for personal belongings and instrument cases needed. The band needs to have a private bathroom with a shower available at all times.

Provided to the back stage:

-Warm meals for the band and the crew, **2 x vegetarian**

-water

-fresh coffee + milk

-tea

-sandwiches

-healthy snacks

-fresh fruit

-hoppy ales

-white wine & red wine

-clean towels
