## Stage plot

## Monitors

### Monitor placement:

- Approximately 1 m between wedges
- Back row wedges approximately 1,5 m behind the front-line wedges

### Stage monitoring:

- 7 Professional quality wedges (D&B M4 or similar) in preferably 5 independent groups with graphic equalizers
- Front monitors (1-4) summed into two groups (1-2 & 3-4)

### If 7 wedges aren't available:

- Fiddles 1 & 2 can use the same wedge
- Fiddles 3 & 4 can use the same wedge
- Double bass & Guitar can use the same wedge
